Terms and Conditions of Participation
for VERS events

1. The number of attendees is generally limited. Applications are therefore considered in the order in which they are received. Confirmation of attendance will be provided in text form. You will receive a certificate to confirm your attendance.

2. Attendance fees shall be transferred by 5 working days before the start of the event at the latest. If payment is not received by the deadline, you will not be able to attend.

3. Notification of cancellation of registration must be provided in text form as a minimum. In the event you cancel later than 14 days before the event, you will be required to pay the full attendance costs. Instead of cancellation, an alternative attendee can be nominated in text form.

4. The implementation of the event is dependent on reaching a minimum number of attendees. If this minimum number is not reached, the event can be cancelled up to 14 days before it starts. Cancellation shall not give rise to any claims. In particular, no costs (including partial costs) will be covered for accommodation or travel costs for trips that have already been booked.

5. The conference programme is provisional. Therefore, we reserve the right to make changes. Changes do not entitle you to a reduction of the attendance fees or to free cancellation less than 14 days before the event.

6. No liability shall be assumed for any cases of loss, damage or theft of objects of any kind during the event. Otherwise, we shall only be liable in the event of intent or gross negligence. The place of jurisdiction is Hamburg.

7. Tickets can only be booked online via the VERS website. After you register, you will receive an automatic confirmation of the successful reservation by email. The personal data collected when you fill out the registration form shall exclusively be used within the framework of one-off processing for the event. This includes the sending of any programme changes by email, the preparation of conference documents in the form of an attendee list and name badges, sending proof of attendance by post and providing the event materials by email. All the saved data will be erased after the events.
